

Sport Clips and Faustina are implementing a nation wide education program to benefit the Coaches and its Team Members. Working with the Area Developer and Area Coach, Faustina is committed to educate and raise awareness on Carpal Tunnel in the workplace.

Faustina offers ergonomically correct shears that will benefit the Team Members. We also have in place a package offer for the Sport Clips Team Members with payment plans (with no finance charges).

Ergonomically correct shears can help reduce the discomfort by forcing you to rest your fingers in a more natural position. "The Original Carpal Tunnel Shear"

What is Faustina?

Faustina is committed to manufacturing the highest quality product at an affordable price with a Lifetime Guarantee!

Convex Scissors are some of the finest made hair cutting tools in the world.

Manufactured out of German 440C Stainless Steel, quad heat and ice tempered for maximum hardness and toughness.

Made to standards demanded by Professionals' World Wide!

The edges are convexed for razor sharpness, hollow ground and hand triple honed! Super smooth runs, with no drop, low friction and sound. Perfect for all cutting styles.

What is Carpal Tunnel?

Carpal Tunnel occurs when the median nerve which runs from the forearm into the hand becomes pressed or squeezed at the wrist

Signs & Symptoms

- Usually starts gradually, with frequent burning and tingling
- Itching numbness in the palm of the hand and fingers, especially the thumb, index, and middle fingers
- Pain radiating or extending from your wrist up your arm to your shoulder

Causes

- Combination of factors that increase pressure on the median nerve and tendons in the carpal tunnel
- Repetitive motion of hand tools
- Carpal tunnel is simply smaller in some people

Who is at Risk

- Women are three times as likely as men to develop carpal tunnel syndrome
- People who smoke cigarettes may experience worse symptoms and slower recovery

Prevention

- Tools and tool handles can be redesigned to enable the worker's wrist to maintain a natural position during work
- Stretching Exercises
- Wrist splints
- Correct posture and wrist position
- Rest
